INTERNSHIP

Green Mandi Deals Private Limited | Web Developer Intern | Certificate — Jun 2025 - Aug 2025

- Architected and developed core components of the company's web platform. Implemented a robust admin portal enabling administrators to oversee platform operations, enforce role-based access control, and efficiently manage user permissions and system activities.
- **Tech**: Next.js, React.js, Node.js, Express.js, TypeScript.

PROJECTS

CarbonTracker – Carbon Footprint Monitoring Platform | GitHub | Live — Jan 2026 - Feb 2026

- Architected and implemented a full-stack platform to track user-level carbon emissions by logging transport, energy, and lifestyle activities with real-time CO_2 estimation**.**
- Implemented secure **RESTful APIs** with **JWT-based authentication and authorization**, ensuring protected user sessions and data integrity
- Optimized MongoDB queries and aggregation pipelines to enable efficient storage and high-performance retrieval of emissions analytics**.**
- **Tech:** MongoDB, Express.js, React.js, Node.js (MERN)

CrediScore – FinTech Credit Scoring & Lending Platform | GitHub | Live — Nov 2025 - Dec 2025

- Designed and implemented a MERN-based credit scoring system capable of processing 1,000+ income verification records with sub-2-second scoring latency.
- **Engineered backend services** for authentication, financial data validation, and automated credit score computation.
- **Integrated scalable REST APIs** to enable seamless interaction between the React frontend and Node.js backend services.
- **Tech:** MongoDB, Express.js, React.js, Node.js (MERN)

CERTIFICATES

- AWS SimuLearn – Cloud Computing Essentials | AWS Training & Certification — Mar 2026
- Summer Training in Object Oriented Programing using C++ | LPU — Aug 2025
- Privacy and Security in Online Social Media | NPTEL — Apr 2025
- Full Stack Development | Board Infinity — Feb 2024

ACHIEVEMENTS

Competitive Programming & Problem Solving – LeetCode — Mar 2026

- Solved **50+ DSA problems** across arrays, trees, graphs, recursion, and dynamic programming.

Problem Solving Badge (4 Star) – HackerRank — Feb 2026

- Earned **500+ problem-solving points** by solving coding challenges focused on **data structures and algorithms**.

Coordinated the 24-Hour HackWithVertos 1.0 – Hackthon — Apr 2024

- Recognized by Student Organization ECHO for organizing and managing a major technical event at LPU.
